UPDATE: Natural Gas Leak

December 16, 2016 (Highland Park, Texas) – Atmos Energy has identified the source of the natural gas leak. The following southbound lane of Preston Road will remain closed while Atmos Energy completes the repair:

- Southbound lane nearest the curb, outside lane, 4400 – 4600 Block of Preston Road, will remain closed

One lane southbound and two lanes northbound will remain open at this time. Since the work requires excavation of part of the roadway, we do not have a timeline of when the roadway will completely reopen.
