Pretzel Candy Kisses

1. Heat oven to 350°F.
 2. Line a large baking sheet with parchment paper; set aside.
 3. Unwrap chocolate kisses (or hugs).
 4. Line baking sheet with pretzel squares in even rows.
 5. Top pretzels with a chocolate candy in the center.
 6. Bake in oven 1-2 minutes. Candy should still hold its shape. Take sheet pan out and test a kiss by placing an M&M in the center. If chocolate kiss easily flattens, they are done. If the chocolate kiss doesn't flatten, bake at 30-second intervals but do not over bake.
 7. Place a chocolate M&M in center of chocolate kisses.
 8. Allow chocolate to set until firm then store in an airtight container.
- *You can use dark chocolate kisses with this recipe too, but bake dark chocolates 3-4 minutes.
